Elf wo Karu Mono-tachi

Easy: Men are forced to undergo sex change to become idols

Medium: Boy is unknowingly given a torture device that can take human form

Hard: Group of girls work to stop their world from repeating the same day

I can't solve any. Hints please?

Hint for easy: The men are yakuza who failed their boss and were presented with an ultimatum; get a sex change to become idols, or have their organs harvested to recoup losses. It is a comedy genre TV series and is available on Netflix.

Hint for medium: The series has a school setting where the male protagonist receives a cube that takes on the form of a girl with blue hair. From there he has to protect himself as well as the girl by fighting against external forces who wish to take control of the girl themselves. It is a TV series.

Hint for hard: The four girls have studied time travel at school to build up their knowledge for when they are then sent far in to the future in attempt to evade human extinction. It is a short movie.

Easy: Back Street Girls

Medium: C^3

Hard: Hm, this on is quite a hard one indeed. My best guess would have to be Arata naru Sekai: World's End though

Easy: A boy dies and is reincarnated as a dog and ends up living with his favourite author

Medium: An illegal idol group travels across worlds to fight against an organisation with the power of song and dance

Hard: A boy able to perceive soul-stealers since childhood finally decides to attempt to take action against them when they set their sights on his childhood friend

Easy: Inu to Hasami wa Tsukaiyou

Medium: AKB0048

Hard: Hm, I may need a clue for this one. My initial thoughts would go to Bleach however the idea of "soul-stealers" is found in several shounen anime and a few non-shounen, as well as the description not fully being accurate to the initial plot of Bleach that I recall.

Now for my own since I did not do so in my last post:

Easy: Boy wields a mighty sword and epic hair to avenge his fallen father by getting the bandannas.

Medium: Count of Monte Cristo: The anime

Hard: Two best friends grow up in the slums of a big city, only to be eventually dragged into a life of crime, guns, family, and eventually betrayal.
