Thread: [My Ebay + Your Products! \\$2,000,000 / 500,000 Item Limit](#)

TheHolyOneMan - April 19, 2019, 1:02 pm

Good morning HACKFORUMS!

I have my personal Ebay account (8+ years) I have been using to dropship and sell personal items. This Ebay account has a \$2 MILLION DOLLAR limit, and a 500,00 item limit.

The account currently is at 68.4% positive.

WHAT I AM LOOKING FOR

Someone to fill the Ebay up with SELLING products. Know your sales and know how to efficiently make sales using eBay.

LOOKING FOR AN EXPERIENCED PROFESSIONAL! No Newbies / Amateurs Allowed!

Someone to saturate the eBay account to a high capacity. Come with a plan to post thousands of items in due time!

A business partner who is mentally stable and whose goal is money :)

I am looking for 10-15% of all profits. You are also in charge of paying the fees from eBay.

Payouts will be made in Western Union / Bitcoin / Paypal (depending on rep) to me.

There is no rush for this, so we will start out small the first month and see a test run. Then progress forward.

Lastly

My primary goal for this eBay account is to increase reputation for positive feedback. Secondary goal is to make money.

PM me on here or post your contact info!

TAKE THIS OPPORTUNITY AND MAKE THOUSANDS OF DOLLARS!

THIS IS A GOLDMINE. IF YOU RESEARCH SIMPLY PRODUCTS ON DROPSHIPPING SITE, FIND GOOD SELLERS, AND UNDERCUT, YOU CAN BE MAKING 3000\$ + MONTHLY AS I WAS!

Thank you

Agreed. I don't see who would make a purchase from an account with 68% feedback. I certainly wouldn't
