Thread: [Auto Clixsense Bot | New Method | Earn BTC With Ease](#)

Cyber Satan - April 21, 2019, 11:32 pm

After researching the clixsense telegram bot found out it is not owned by clixsense and will try to trick you to upgrade to a upgraded account to withdraw but looking at the block chain it does not have a unique transaction address which means the telegram i discovered must of been a fake and not owned by clixsense proceed with caution
