Thread: [Recommend me a bustabit script](#)

Winston - April 23, 2019, 3:29 pm

Im looking for a trusted vouched bustabit script if there is any.

I understand that gambling even with a script is still risky but im tryibg ti eliminate the risk as much as i can and in the past a few script did wonders for me personally so i wouldnt mind getting a new updated good one since i lost my old ones which are most likely patched now anyways

I can show you pictures of my graph for the last few days but I won't show you the name cuz you can code it yourself

Without bustabit username as proof i'm not interested, or at least a very long video.

Kold Flow offered me a discount and i might take it.

all bustabit scripts are a variation on martingale...if ur gonna use one get the cheapest one since its 90% just as good as one that costs more

Shogun - July 16, 2019, 6:40 pm

My script is not stupid simple martingale.

AeroBlue - July 16, 2019, 6:49 pm

How about bet it all at once and cash out at 5x? You realize scripts are just delaying the inevitable, it's all the same odds.
