Niche for YT ads or dropshipping?

It's rather focusing on helping people find an online niche, like dropshipping, copywritting, consulting etc, but then the niche of the niche depends on what you like and what you're good at or can improve at. Like let's say you check out the pdf, you found dropshipping and you like wallet cases and cats, so you make a store that sells wallet cases with cat designs... (not sure if that niche actually works, it's probably very saturated, but as an example). It usually takes some tries and failures to find a good niche.

(Apr 28, 2019 08:46 PM)noname12345 Wrote: [\[CITE\]](#) anyone ttest this and making good money?
It's free... you don't lose anything if you give it a look and if you don't find it helpful you can just move on. Good luck!

jascorp - April 29, 2019, 3:30 am

Porn - April 30, 2019, 7:55 am

These aren't really niches.. I would call them professions that take time(years) and knowledge to do.
Good share though I guess

True. Every good and LEGIT business takes some time, right? Especially if the goal is to make 10 times more money that at a normal job. I wouldn't say years tho... you can become amazing at most skills in a few months. It's probably self awareness and commitment that people lack of, else they'd already do what they want to do. Thanks, appreciate it! Awesome username btw ?
