Thread: [50% OFF CHIPOTLE ORDERS DELIVERY/PICKUP](#)

kamcron - April 24, 2019, 2:19 pm

Hey hackforums, im offering my 50% off chipotle services today. This is 100% a whitehat method. I have an abundant amount of chipotle gift cards that were acquired legally. All orders will be in name i ask for. Not a random person.

The way it works:

You send me your order, i order and send you confirmation. You send me 50% of the value of the order. If i do not receive payment within 5 mins of me sending you confirmation with link to track the order, i will call in and cancel the order. Orders 60\$+ get 60% off.

Vouches available upon request i will show you all my previous orders with happy cutomers. Vouch copy available to trusted member on site :)

You purchased or received a vouch copy?

Doesn't seem very authentic.

No problem. It's a policy which everyone has to use contracts that deals on HF

kamcron - April 25, 2019, 4:34 am

No one's complaining about that.

It's just you don't have much marketplace "rep" and the only member you dealt with you did not use the official HF contract system which is required btw.

is this obtained via illegal ways? like are you just buying chiptole accounts with cc's

teamnycz - April 30, 2019, 8:12 pm

100% whitehat? i'll wait for more replies from non new accts

Wheelie - May 1, 2019, 6:45 am

I'm interested in this service but I'm just a bit skeptical about it being blackhat or a carded transaction

Are you giving any vouch copies for this? Im sure people are interested in this service if this is legit.

LMK

vad0x - May 1, 2019, 6:50 am

no vouch copies and no contracts used. i would say DWC peeps!

Fellow Man - May 1, 2019, 10:10 am

Looking to purchase, if that 60% offer is still up message me on skype I added you. I also started a contract.

funtela - May 1, 2019, 10:56 am

If you're reselling this service from where I think you are, this is 100% carded. Unless you can prove you're using "gift cards", I'd DWC.

JustHereToBuyStuff - May 25, 2019, 9:54 am

Still up for sale?,
?

Hellojesuschrist - May 25, 2019, 9:36 pm

probably hacked chipotle accounts with cc's.

maybe he can show us his chipotle account balance with all the acquired gift cards he "legally" obtained.
