may the question would sound odd but I think its lil genuine that why they killed young age kid spider-man character in infinity war , because they think its useless character ? to be true I just watched the movie day before yesterday (lol) and I was surprised they killed young boy :(.

It wasn't only Spider-Man who they've killed, they killed a lot of the other characters too
Half of the population of the earth was killed

They killed spider Man because nobody wanted him to lay eggs.

Half of the entire Universe was wiped out. Not just the Earth ?

I don't know what you're talking about. A lot of people LOVE Spiderman.

Well, as you know, Thanos had finally gathered all six Infinity Stones and snapped his fingers to erase exactly 50% of all life in the universe. That action itself just took out people at random, no particular reason. But I wouldn't look too far into it, it's not because he's a useless character though. Spider-Man is a favorite amongst loads of comic book fans everywhere. I think maybe it was because if he had survived the snap then he wouldn't really play much of a "desperate" role of trying to undo the Thanos-finger-snap like what's to be in Endgame.
