realsunjester - May 2, 2019, 4:01 pm

Quote: Try to exploit a DOM XSS vulnerability on this page to trigger a popup of the document.domain (challenge.intigriti.io).

The winner gets a Burp License (1 year), an exclusive swag package and invitations to private programs.

I feel kind of clueless dang... following.

Faith Connors - May 2, 2019, 8:36 pm

Figured out how to get the iframe, guess thats the easy part.

dont have enough time to play around with it more, since i gotta sleep soon and have other work to do, but i have a pretty good idea of how it's done and just need to play around with parameters now.

realsunjester - May 3, 2019, 1:11 am

I've been working the SVG angle (the logo) but haven't gotten too far lol
