I finished the entire series including the OVA ending in the period of around three days, and there's now a hole in my soul.

I'm very woeful and must fill the void.

I have this saved on Hulu and am honestly not sure if I'm emotionally prepared to be that invested in a TV show so soon.

I've never watched it. I enjoy action & OP animes. Would I enjoy this?

Yes it's good. Psychological thriller and a lot unexpected twists, also there's action ;)

I had the same feeling when I finished it (about 3 yrs ago). You should probably re watch or atleast the ending since it's a real mindfuck.

I can't know for sure but Mirai Nikki is an action anime blended with some psycho ass love, I think you'd like it.

I'll check it out once I have the time. Thanks <3

Might have to rewatch it. It was a very good and suspenseful anime iirc

There's a sequel, so it has an happy ending hehe. I rewatched it a couple of times, and it made me cry, that's for sure.

I watched the anime and read the manga but for some odd reason, I prefer the manga version of it.

Especially the last few chapters where she sealed him inside a void and made her forget her name. He then proceeds to shatter the void he's in by screaming out her name.

Mirai Nikki is one of my favorite anime, Its one of the few that I've seen multiple times. I'm hoping they continue the series, would love to see how things turn out in the alternate realities.
