Thread: [\[HELP\] Trying to create a new contract but says UID is invalid](#)

Haribear - May 4, 2019, 7:00 am

I'm trying to create a contract for selling and it's saying that my UID is incorrect, can anyone tell me what im doing wrong please?

You need to place the UID of the user you're dealing with, not your own. It literally tells you exactly that.

Hopsin - May 4, 2019, 3:54 pm

@OP

Just type the other's person UID instead of yours, that's your mistake. ?

Exactly. I also misunderstand when I first got introduced to contracts system so I understand OP's confusion.
