Terms of Service

Spoiler ([Click to View](#)) • I require payment before work is begun unless the user is fully upgraded.

- I will only do 1 edit after work is completed, and not longer than one week after design is finished.
- While I do try and keep design work stored safely, it is not my responsibility if I do not have project files after completion.
- I usually do not deliver project files unless it is a flat design, but exceptions can be made.
- I do not offer refunds after design has been completed.
- I will try to finish orders in a timely manner, but understand that I am a student and have real world responsibilities that may get in the way.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
