Thread: [\[INSTAGRAM\] I need a method/app to monetize my ig audience](#)

Hey!
I have a 60k instagram page fortnite niche. I had more than 3m impressions this week, my public engage pretty well.
I need a app exactly like SweatCoin (i cant use sweatcoin beacause my audience is 95% from Brazil and app wont allow brazilian people to download).
Any app actually that gives me money by people using my code or something, or another method.

can you pm me the page? I can help you to monetize the page probably.
Don't use apps or referrals we can do much bigger things than that.
