Spoiler ([Click to View](#))

Fuck offfff, go to the cinema's and watch it, support the makers. The movie is very good! :)

[Video: https://youtu.be/tAA_yWX8ycQ]

I just saw it, the movie itself is sick, and full of humor.

If you saw Deadpool, forget everything you know about Ryan Reynolds. It has nothing to do with Deadpool and doesn't even have the same vibe.

Ahhh fuck you got me bro! ? I'm gonna go see it with my girl but haven't bought the tickets yet, so I was hoping this save me some money and give me something to do today LOL

Like is said to other people, if you saw Deadpool, forget everything you know about it.

The movie itself is absolutely amazing, story-wise but also GFX and VFX wise. Enjoy broski!

Saw it, was not as good as I thought it would be but it's cute! My girlfriend and I think that the main
characters were not great picks. The lady reporter was a terrible actress imo. Very forgettable
performance. Same can be said for the main character. I've already forgotten both their names..

"Ryan Reynolds' back must hurt from carrying that movie"

-girlfriend, lol

Per Eagle - "Click bait titles are not allowed".

Interesting.

Bacardi Cola Lime - May 12, 2019, 4:07 am

I heard it did decent on its premier, with 21 million \$. Did anyone go to watch the movie? It looked
interesting from the trailer and I would like to watch it if it's worth it.

If you played the old games, it's nice to go.

I played most of them on an emulator, so I don't have the authentic experience but still a fan of the
series. I believe that it's one of the worthy movie adaptations.

When you said this, I realised I didn't know their names either. I really liked the movie though. Good for a one time watch.
