Just a heads up

Don't do any deals with the user.

I brought a Amazon gift card and he just went offline or blocked me right after payment lol

Those kind of smart kids make me laugh

Okay. As I can see the user has already been banned. You paid via PayPal so there are chances you can retrieve your money back.

Sorry was a mistake that i wanted to fix after seeing you had disputed so i sent a refund right away. Please mark the dispute as resolved as it is indeed resolved. Thanks

I don't think it was a mistake lol you had the full intent to scam.

Thanks for the refund and hopefully you don't try this again in the future.

Contract is still in dispute despite the buyer being refunded. I would like the dispute to be closed as it was resolved almost 2 weeks ago now
