Thread: [\\$1500 in Amazon Giftcards - Almost made 2K Today!](#)

Cryptod - May 11, 2019, 11:10 am

Just wanted to drop a quick brag and possibly some inspiration for people
Not trying to flex just inspire people that ewing is profitable if you do it right
Also sold \$500 worth of product via BTC so looking to make 3K today
Just hustling.

dfr+ - May 11, 2019, 11:28 am

Gratz on your earnings!
Those are amounts you can definitely brag about.

Keep going ?

dendro - May 11, 2019, 11:44 am

Congrats buddy

Rake it up

123 - May 11, 2019, 11:48 am

No doubt ewhoring is profitable if you do it right. There's a lot of money in it. But you can't ignore the fact, there are serious consequences to this.

It fucks up your mental health. I have tried ewhoring in past when I joined HF. But it is very toxic mentally.

Some people claims ewhoring through Snapchat doesn't require more interaction with a client but they are wrong. I've experienced this first hand. Made like 50\$ or 70\$ on the third day.

But then decided to quit as it started fucking my mind.

E-whoring is profitable and extremely gay. Not worth the money imho.
Congratulations with your earnings though.

Apologies if this isnt the place, but a lot of yall are talking about how ewhoring fucks with your mind. I can definitely see how it can, but what kinda shit do you guys means exactly?

Like is it the constant exposure to brown dick, and pretending to like it? Or like... what?

what do you do with the money on the amazon account? do you just order stuff with it to sell?

amazon doesnt ban you anything for constantly having hundreds go in and out of your account?
every single payment service instantly bans everyone now and has crazy verification processes

The best way to avoid all this gay shit in ewhoring is to become an E Pimp by recruiting a bunch of hoes online then set up pages for them they handle the dirty talking and dick pix all day long and you send the Traffic and give them their Shares

Darkie Smith - August 10, 2020, 3:33 pm

Big Boi Baller over here, soliciting the inner feminine side of yourself with someone elses pics to make a couple grand. Alrite I see ya. I can't get down with all that, flirting with dudes seeing dicks and all that. When I was in highschool I didn't care but I was all in for the kill blackmail, extortion, all that. Why milk a dude for a hundred here and there when you can tell him \$5k in 24 hours or his family will know he's trying to solicit a random underage girl he met online? You do you though, scamming horny betas by having cybersex with them ROFL.

This guy knows whats up. All yall tweaking by fucking flexing your bands you get by looking at dicks and pretending to have a pussy. Bet y'all be in the middle of fucking your girl (if any of you even got a girl) tryna talk dirty and sum from your ewhoring dictionary slips out "oh yea daddy your dick is so nice"

Do the right thing, pretend to be a little girl and blackmail the pedo's...

If you know where to look for em you can cashout alot more than \$5k in 24 hours, Jeffrey Epstein

was a billionaire pedophile. I assure you there are PLENTY of multimillionaire pedo's ready to drop \$20k+ to protect their entire reputation and fortune.

It'd be better to invest time learning to infiltrate a sites DB, and go after one of those boylover sites. Tons of those gross dudes have families and kids and stuff while aiding and actually distributing cp themselves, which is disgusting.

raccoonweeweesucker69 - August 11, 2020, 6:59 pm

Well I doubt those site's DB's store any personal information of the pedo's. Usually they are anonymous services hosted over TOR...

You tryna form an anti pedophilia task force with me?? We'll line our pockets while ridding the world of it's most disgusting demons.

Well obviously, but youre guaranteed to get idiots using the same email as used in other places they have used their real info or more info leading to such, and theres plenty on the clearnet believe me. Its disgusting and sad.

It is a high maintenance business, I work for an actual dating company, and how much people want to be in contact / not lonely, is insane. So Ewhoring, yeah, sexuality and money included, it will mess with ya brain at some point, depends on how mentally strong you are.

Not sure if you noticed, but OP posted this in 2019.

Assuming he's using the product(s) for himself, as well as avoiding the HF hustle to sell the AGC for 70-80%.
