Thread: [\[FREE\] Riseup Invites](#)

fsx - May 11, 2019, 7:18 pm

So, to give to the community since I'm new, I decided to give away riseup invites to only l33t/Ub3r right now, but after seeing how well this goes, I might make it free. But yeah, just post below if you want one. I only have a small amount at the moment, so if you don't receive yours right away, please wait just a bit!

To receive one, please also tell me what you will be using it for. Thanks :)

DO NOT PM ME ASKING FOR AN INVITE. POST A COMMENT ON THE THREAD!

Tos

- No illegal activity on Riseup. This can cause your account and mine to be banned
- One code per person. Please do not ask for more unless I decide to send you more
- I am giving away invites for free. Please do not beg and spam me for an invite if I have not sent you one in a reasonable amount of time. I will get to everyone.

I don't think I have the ability to PM at the moment, so if anyone has any better way of being able to receive their invite, please let me know!

sinisterr - May 11, 2019, 9:03 pm

Let me know if you decide to give away one for free. I'd love to have one. Since you can't PM just send it to uzi@email.com Whether I get one or not, I greatly appreciate you doing this for the community either way. <3 Thanks man.

Edit: I would only use it for normal email activity, nothing sus. I understand the rules. I've been wanting one of these for a very long time but couldn't find a code.

No problem! Once I get more, I probably will make it open to (almost) everyone! Just keep an eye on the thread and it will probably happen in the near future.

I Would also like to have a Riseup Invite to use the email service. I am just using it for basic emailing. I use the VPN currently and I think its awesome.

what exactly is riseup, ive never heard of it?

ButlerBum - October 3, 2020, 9:21 am

Hey dude! So I've just got quite a bit of interest in this whole web and ethical hacking stuff, I'm very curious and I am going to try my best to explore it, but to register for most of the sites, I however need an email and I also want to remain anon so I've found riseup, an invitational only email with pretty good security, thats the reason i've been trying to get access to it, so I could somehow learn more about this myself and teach others too, im very very curious and if you could drop me a invite to riseup, it'll be gladly appreciated! thanks again!

TheOGDarter - *October 3, 2020, 11:41 am*

Id love to have a invite let if you've got one!
