Thread: [EARN 100-200\\$ DAILY - PERSONAL MONEY MAKING MENTORING | EARN OR REFUND |](#)

**BlackShadow** - May 12, 2019, 8:44 am

I will be teaching 5 people on how to build a steady income online. With this mentoring you will be able to generate income everyday

What we are going to do is somewhat advanced dropshipping.

You are going to be making sales everyday which means you will get income daily

On average with my mentoring you will be making 100-200\$ daily

You will need to put some time to make the things work

You can start earning instantly after you make the purchase

The mentoring will work for anyone, no matter the location and the age he is at

There are 2 options to be paid - BTC or Paypal

You will need money to invest (10-200\$) depends on the product

You will be receiving your payments instantly, there will be no need for waiting

This doesn't involve Amazon, Ebay or Shopify

Everyone purchasing will have 14 hours + daily direct touch with me for any assistance

We will have a communtiy channel where we all are going to help eachother in order to achieve bigger success

There will be 5 slots only available for this mentoring

Slots available (4/5)
