With summer break coming up i'll be having a lot more time and why not fill it with youtube. As title says what are some channels that are actually worth your time?]

what I currently watch:

David Dobrik
Mark Rober

and usually i just end up going down the youtube rabbit hole

There's a guy called Ryan Serhant. He's a rich New York broker but he makes really interested and entertaining vlogs. Some of his videos are really motivational as well!
