Thread: [-OFFERING SITE GFX-](#)

Uncle Drew - August 8, 2010, 2:31 am

SERVICE EDIT - NOW OFFERING ANY TYPE OF GFX REQUESTS FOR SITES.

-NO SIG REQUESTS(I don't want to burn my time doing sigs for everyone.)-

Hello, Captcha123 here. These past days I have been bored and been spending my time practicing on editing mybb themes.
So.

First of all, I am not taking credit that I made these themes, I respect the maker's copyright. I am not selling the themes, i am just editing them. What I am paid for is my time and service of editing the theme and not selling the theme.

For you?

-I'm currently offering FREE and PAID mybb forum theme editing.

For me?

-I'm actually broke for now, and I have much time to burn so I would like to use my skill/talent to earn a few bucks for me to buy l33t and as much as possible donate and help to HF.

MYBB Theme Editing?

-Yes, theme editing. It means you choose a template and I'll try my best to edit it to your taste.

-I won't edit, paid MYBB themes. As it might violate/offend the theme maker.

-As for now, I just practiced on mybb, so I wont do any other forum scripts/software. Though I would accept graphics requests for your theme.

-I don't do cross-browser editing. If your template is only compatible with firefox and chrome your theme will stay at it is.

FREE VS. PAID

-PAID request will always go first. I will do my best to make it as high quality as possible.

-Free request will be done after I have finish all PAID requests and if I only have free time.

How much?

-I don't like to sound too greedy so you can name your own price.

-I will accept trades and stuffs so offer anything you want.

-I have the rights to deny requests!!

How long?

-This will depend on my free time and the amount of work to be done on your forum. I can finish a theme from 3-7 days minimum.

-I can only do 1 theme for a week. No more!

-First come, First serve policy.

Previous works?

I did not make these themes. | I am not selling them. READ ABOVE!

[-com/6jk1w0.jpg\]Theme1](#)

[-com/2vtw46v.jpg\]Theme2](#)

-FOR OTHER GFX WORKS, CHECK THE SITES OF THOSE WHO VOUCHED FOR ME.

How to request?

-Either PM me or post here with the request form.

-Request Form-

Erm, someone actually paid for that. He offered me \$+a hosting reseller account.
I'll ask him first if he would allow me to release copies of his theme.

You can request one if you want something unique?
