Thread: [Now that Game Of Thrones is over, what's a good show, airing or not, worth a watch?](#)

Elweth - May 20, 2019, 4:33 am

After so many years, GoT is finally done. Any good shows to recommend?

Bossk - May 20, 2019, 4:51 am

Never watched an episode of GoT, but might start this summer when I get loads of time on my hands.

Here are some really good series:

Curb your enthusiasm

Arrested development

The Office

Quicksand(Swedish production, might not be available worldwide)

Bacardi Cola Lime - May 20, 2019, 5:07 am

I want to go and watch a new mini series by HBO, called Chernobyl. I've read really good critics about it and will definitely watch to have my own opinion.

Here's the description:

Quote:Brave men and women act heroically to mitigate catastrophic damage when the Chernobyl Nuclear Power Plant suffers a nuclear accident on April 26, 1986.

Roytoy - May 20, 2019, 5:40 am

I've been hearing a lot about MR Robot lately

Gomorra. Its an Italian series but pretty impressive. I do watch it with subtitles

The Wire is good also and Sopranos. I rate both above GOT

BlackShadow - May 20, 2019, 8:57 am

I would suggest you watch Vikings
Amazing show :)

campusminger - May 20, 2019, 8:57 am

Vikings far better than GoT (breaks my heart when I say this lol)

This one?

It's the dopest fucking trailer I've ever seen

Hell - May 20, 2019, 10:56 am

Watch "12 monkeys", it's worth it.

Sheep - May 20, 2019, 10:56 am

If you want a fun show with quietly serious undertones I'd suggest trying Community or Brooklyn
Nine-Nine. Both hilarious, and both generally offer deeper dialogue than at first glance.

Yeah, exactly. I just watched the last Game of Thrones episode and I'm about to watch the first
episode of Chernobyl. I will keep you updated and share my thoughts.

Might be the scariest trailer I've seen in a good while. I honestly wouldn't feel comfortable watching this alone in my basement ?

The series should be in Russian with English subs though, according to me, would increase the feel of authenticity.

Tpot - May 20, 2019, 12:20 pm

Now that it's over, I'm gonna watch it from season one.

dredos - May 20, 2019, 12:22 pm

Chernobyl is great and new. Here are also some others that I liked: Shameless (realest life drama on tv)

11/22/63 (dark and in the same time beautiful)

Mr.Robot (hacking, drugs, psychology)

Billions (power, money, business)

Silicon Valley (great comedy especially if you're in IT)

Californication (showbiz, drugs, real life)

Yes, I've watched Shameless and Silicon valley, both great shows imo!

red - May 20, 2019, 12:40 pm

Breaking Bad, Better Call Saul, The Walking Dead, Trailer Park Boys, The Office, Lost, Big Mouth.

That's all I can think of rn.

I kind of agree. Have you tried The Last Kingdom (Netflix)? It's also excellent.

I really like Westworld on HBO too.

Quote: Watch "12 monkeys", it's worth it.

Too slow.

Oh, also going to mention The OA on Netflix which was really bad-ass and season 2 was awesome. It's a different kind of show. Also, if you get a chance watch Killing Eve.

S2K - May 20, 2019, 1:08 pm

You should try "Rome", I'm sure you will like it if you like GoT. It's a bit old (~2005) but a quality series by HBO as well

My friend started watching this yesterday and he told me it's amazing! The scripting, actors, costume everything is so damn incredible!

TheChaosKiller - May 20, 2019, 1:23 pm

12 Monkeys is definitely worth watching, it has great short term stories and brilliant longer arcs that are incredibly well written. The finale was an absolute masterpiece and I would wholeheartedly recommend binging the show.

And right on time. Game of Thrones was the only series I was watching and trying to find another good one is always a struggle. I spend most of my time searching, getting bored and not watching anything.

SIM-403479 - May 20, 2019, 1:59 pm

Walking Dead
Stranger Things
Breaking Bad
Prison Break
Manifest

Basically any of the top 10.

AntonGigabit - May 20, 2019, 1:59 pm

What did you all think about the ending?

?ystem - May 20, 2019, 2:49 pm

Not to sound like the cliché Game of Thrones hater but thank God it's over. Tired of hearing and seeing Game of Thrones "this" or "that" everywhere I frigten' go over the years, savagely shoved

down my throat by stores and fans.

But I haven't really found any shows that grab my attention in a long time, despite my best efforts. Not since probably Doctor Who back in '09. Have Netflix and Hulu to try to everything suggested but just can't get into anything. (Riverdale, Letterkenny, Stranger Things, etc. Nada.)

Westworld is mind fuckingly good

f o r m i d a b l e - May 20, 2019, 5:18 pm

I didn't get past episode 2, too boring and a weak plot. I thought child porn made it popular. I prefer Lord Of The Rings.

Banter. - May 20, 2019, 5:24 pm

well i still need to watch the final episode, i dont normally watch TV that much,

Clique - May 20, 2019, 5:25 pm

I've seen The Office 321732187321 times 100% though and its ok.

0/10 would not recommend.

Same here, I know every episode by name and all of it's content by heart.

Admire - May 21, 2019, 4:05 pm

The 100 and Mr Robot for sure

Curse - May 21, 2019, 4:08 pm

Lucifer
The Blacklist
The 100
The Enemy Within

Ice-Knife - May 21, 2019, 4:53 pm

Mr. Robot
Vikings
Billions
Westworld
The 100

Most of these will get boring in 3 or 4 season but I hope you can enjoy them!

Pyro - May 21, 2019, 6:18 pm

No one suggesting The Wire ?

whats wrong with u guys

deformat - *May 25, 2019, 5:26 am*

if it hasnt already been mentione Chernobyl on HBO is really good, it's not been over dramatised
