Thread: [Bustabit website script + setup](#)

?XiS - May 22, 2019, 8:25 pm

Was looking to get a script to run a site like Bustabit on my own domain, and would need help regarding the setup too. However can help with this, let me know.

[contract=tid]Start Contract[/contract]

how much will this offer price be?

TheJump - May 22, 2019, 10:33 pm

run a site like Bustabit on my own domain, and would need help regarding the setup too. However can help with this,

huh

you dont know how to setup anything but you gonna help? ok

look offsite as you not finding them here

Yes fully functional custom admin panel by me, here is an example it is completely changeable to your taste.

LeetHost - May 24, 2019, 2:05 am

We can do from scratch at affordable cost, price will depend on your requirements,

We'll do frontend, backend , server setup, installation etc.
