Thread: [Selling 3 Crypto Niche Facebook Groups](#)

**akamit** - May 29, 2019, 10:52 am

I would like to sell my 3 crypto niche facebook groups.

I'm actually selling out the groups for two reasons, (1) I don't have time to manage the groups (2) I also do need some money urgently.

Group #1 has 49,100+ members (this is the main group and it is rapidly growing)

Group #2 has 3,100+ members

Group #3 has 2,000+ members

I'm mostly interested to sale all the groups to one person altogether.

These are large groups, so it might be very useful to those who know the use of large communities.

If anyone interested then please PM me with your offer or to negotiate a price. Please note, I'm not interested in lowball offers.

Escrow is encouraged if we don't trust each other.

I accept BTC

Thanks & Regards

Do you have any engagement stats? Are there any bots?

Hello Mate,

Yes, the groups have engagements.

I don't think there are any bots because the groups have grown steadily and organically in the last few years.

I have updated OP with groups stats screenshots.
