Nah I've noticed it for a while now but I never brought it up because I don't really vote I guess

BITCHLESS - June 2, 2019, 4:48 am

Maskin - June 2, 2019, 4:49 am

Elysium - June 2, 2019, 10:07 am

Me as well but it works fine if you rotate your phone. I know Xerotic is aware of the issue but you can just simply rotate your device for now op.

I was gonna make a thread on this too, my phone doesn't let me vote either.

Bacardi Cola Lime - June 2, 2019, 11:19 am

I think it has been an issue for a while. I didn't even know it works if you rotate the device. Going to try it right away. Always had to turn to my computer to vote.

iNviZ - June 3, 2019, 3:55 pm

Rotate your screen and it will work. Tested on safari and droid.

Xerotic - June 3, 2019, 4:08 pm

Fixed. Let me know if you still experience this issue.
