Thread: [Questions about the hf game](#)

Wick. - June 2, 2019, 8:20 pm

I'm playing the game a lot lately and i was wondering if there was a ranking list where you can see who has earned the most EXP in the HF game.

Also how can i join Crews or is it basicly the same as joining a group?

And what are the benefits of joining a crew, i know you get a custom UB but are there any game benefits aswell or is the game in a to early phase at this point?

Crew's dont have much of a purpose in the game atm, but they will in the future when PVP is implemented.

You need to be invited, Some groups require deposits or some kind of payment to join, others dont. Need to ask the Boss of the crew.

Right now, nothing. Just a cool userbar.

Highest ranked player is now at level 18.

I feel like there is no level cap atm unless it was stated somewhere else that I just didn't see?

As others have said right now, nothing.

However down the road when it's implemented, Crew's will play a very large part in the Hack Game.

Does the leveling, increase the jobs percentage ability/lvl at all?

I hope so!

I have been looking to Join a crew, so far haven't heard back. (?) (Anyone offering or can I make my own?)

Possible to distribute a non site git version or something, that would be excellent! I would love to see what I can do.

If anyone knows, please pm/contact me.
