Thread: [\[Secret's exchanging official\] I HAVE CRYPTO. I \[W\] PAYPAL / BANK TRANSFER. 7%!](#)

SecretAchiever101 - June 3, 2019, 8:40 am

(IF YOU CAN SEND ME EUR INSTEAD OF USD, THE RATE IS LOWER FOR TRANSACTION
100-500 EUR: COMMISSION FEE-> ONLY 7%)

In case I don't reply immediately, I am way more responsive on discord -> secretachiever101#6949
. We won't deal from there, just ping me there and I'll come on site to make the deal

Transactions 700-1000\$: Commission fee -> 7%

Transactions 100-500\$: Commission fee -> 10%

Transactions 50-100\$: Commission fee -> 15%

Transactions LOWER than 50 : Commission fee : 10\$

Why pick me?

I have exchanged over 10.000\$ usd. Each and every single transaction went smoothly and most, if not all, of my customers, are happy with my services.

I have been exchanging for 3 years now. I am the most immediate exchanger on here. My deals are always done fast and smooth. I have never had one single deal dispute for the past 3 years. If you dont believe me see for yourself [here](#) , [here](#) , [here](#) , [here](#) , [or here](#)

I have done multiple giveaways, over 1000\$ in a single go as well. Again if you dont believe me see [here](#) , [here](#) , [here](#) , [or here](#) .

My Terms: I NEVER go first under ANY CIRCUMSTANCES .

I have the right to deny dealing with you IF I dont deem you trusted enough

My rates are NON negotiable. Prices are FINAL.

IF I deem you to be not trusted enough, I am going to hold the funds for 24 hours before sending you yours. The reason I am doing that is, if you decide to chargeback and scam me, my funds will be moved from my paypal. Therefore, I won't lose them.

? respect your opinion and point of view. You are allowed to have one. However, keep in mind, that's all it is, an opinion, not the truth.

(Nov 26, 2021 03:20 AM)randvoo12 Wrote: [\[CITE\]](#) I'm not attacking you mate, this is God's honest truth, you just increase the rate as the money with the person comes lower, so you're just like one-day-loans and banks and stuff, you find someone who's vulnerable and in need of a trade and

you just increase what you take from them coz you know they need it and don't have a lot of options, I understand that this is just good business for you but doesn't mean it's ethical or not predatory and that's God's honest truth and not totally an opinion, an opinion means something we can argue about, but here the rules are clear and simple, you're like the government giving tax breaks to the rich and screwing up with the poor.

I am not implying you attack me, not at all. However, honestly, that logic is so stupid, because according to that, I take advantage of a situation that people are in need of and is considered predatory, therefore bad. So, according to that logic, everyone selling food and not just giving it away or donating it to the poor are predators and are preying on the weak. Well, unfortunately, I have bad news for you, that's called capitalism and your opinion, that this is bad, is an opinion indeed, not god's honest truth.

Also, honestly, I'm using exodus, I tried to send 150\$ yesterday and the bitcoin fees were about 20\$. So, please, don't gimme that "predatory" nonsense, if anything, the "predators" here taking advantage of someone, are YOU guys because I am willing to give you a less percentage than the one I'm paying in fees. ?
