Thread: [\\$600 - \\$1200 daily | Available only for 2 persons! \(1 LEFT\)](#)

Bok1ca - June 4, 2019, 10:38 am

Hey guys, summer already started and I don't really have time to work on my own method. It's greyhat but it's earning very good amount of \$\$ per day.

It requires investment for website (or if you want my own with full setup +\$300) and Facebook ads acc.

You can use this method everyday and get paid via any payment method you want.

I'm selling it only to 2 persons and the reason why I'm selling it is because I want to be on vacation until end of September and I need some extra cash!

If you are interested feel free to PM me. :)

I need much more for my type of vacation, also my fb ads accs are blocked and I need to buy new ones and to wait for new CC"s so I don't really have time because i'm going soon. IF you're interested PM me, if not hasta la vista :)

How odd that you managed to buy the method without a contract.

What kind of contract lol? He paid me 2 hours ago, I'm going to reveal everything to him right now on Skype. What kind of contract you are talking about?

One spot left!

One spot left!HF contracts. It's a new system you might not of heard about yet.

It's actually mandatory now.. you can get banned if you don't use it IIRC.

Be careful and GLWS.

Excellent. Proof of not using contracts on a deal that originated here. If you bothered to even look what that thingy in your OP is, you'd know. [Here](#)'s a new (now pretty old) marketplace policy.

To prevent members to deal with ya, you're banned.
