I really hope I win something this time. I joined all of your giveaways and didn't even manage to win once. That's why my giveaway's format is different. I am not a lucky guy, I can understand a brother who is as unlucky as me, so I made it "fair" for all individuals competing haha

Haha I feel you man, that's why I'm only hosting them because I never won anything, sadly I'm not the lucky one. I even tried to hit your lucky numbers on your giveaway but again, it's impossible for me to win anything. On the other hand, there was that guy called "PerfectStorm" he won like two or three of my giveaways, that's one lucky bastard.

I read it 5 times at least, still can't understand what is he talking about. First I thought he's just being a jerk but I don't know, I guess he doesn't read shit, just post.

I saw his post here first <https://hackforums.net/showthread.php?tid=5968386&page=3> so I figured it was the same kind of misunderstanding. Maybe he's a troll or high, I just think he doesn't understand how contests work and thinks its people asking for money.

My post is accurate, 50\$ is nothing. In a few years tho, btc might rise that 50\$ now can be 1k in usd. So I think mine is fine. Yours is spam. But whatever
