[PLEASE GO TO THE SYNDICATE WEBSITE TO FIND OUT MORE!](#)

Starting a new Crew, The Syndicate.

Our goal:

Providing a service.

This will range from defacing to password cracking.

We work together, I supply customers and you get cash for doing what they want. We are a collective, a group, a crew - whatever you want to call it .We look after our own, get in some trouble and we will be there to bust you out. Please, no new people to this game, this isn't some proxy group. Your going to have to prove that you are capable before I let you join, and that will probably mean doing a job.

All payment will be given via PayPal.

Thanks, Deamie

Maybe you read the primary goals.

And always use your common sense. We Didnt ask about your knowledge or what ever.

Black Kat - March 26, 2009, 10:15 am

Ok guys, just doing exams this week so I havent been able to PM anyone as such.

As soon as I get to the weekend im on holiday so I will get the group up and running.

Stein - Thanks for clearing some stuff up !

MazaHaka - Pretty much what Stein said - your knowledge from what you have posted seems to suffice.

Totzik - Im sure we could teach you some stuff, everyone starts somewhere.

Cheers guys, until the weekend!

Dexter Morgan - March 26, 2009, 10:34 am

I would suggest that you check the requirement to make a crew

Omni made new rules and by the look of it you are not eligible.

Black Kat - March 27, 2009, 2:23 am

I know mate, though thanks for the warning.

I am HF 1337 (requirement) and have what I think is a sufficient amount of posts. Thanks again for the warning though.

Cheers

[Chaoz].Stein - March 27, 2009, 2:59 am

Well go and post some posts. Haha
XD

Yes you fill one of the requirement , 2nd one is min 500 post lol

But you can still do your crew its just it wont be on HF until you get the 2nd requirement or if you can talk your way to omni

Black Kat - March 27, 2009, 2:47 pm

Yeah, imha try and talk my way with Mr Omni and see how things go.

jojogizmojake - March 27, 2009, 3:16 pm

[Chaoz].Stein - March 27, 2009, 5:55 pm

Yeah Sure Jojo.

You can join but we should wait about omni's Consent.

Mongrel - March 28, 2009, 1:16 am

Black Kat you must have at least 500 posts to start a new crew....

Black Kat - March 28, 2009, 7:15 am

Like I said to others, imha talk with Omni, I don't think he's that strict.

[Chaoz].Stein - March 28, 2009, 7:37 am

You keep on telling that like he said he will talk to omni.

!0per4t0r - March 28, 2009, 7:39 am

I will join. free for ya. i love this!

sevenfold - March 28, 2009, 7:41 am

Black Kat, what are your skills?

Black Kat - March 28, 2009, 7:47 am

I'm glad you asked actually sevenfold. I am confident with SQL Injections (vulnerabilities) and I am also a successful SE scammer. I can do all the stuff that people are always making threads about like finding forum passwords etc. but I regularly get offered money to do things beyond my knowledge. Thus, with the help if a crew we can start making money collectively, The Syndicate is aimed at becoming more sort of a job for members. I'm tinkering with making my own keylogger and I am goofing around in MS-DOS most of the time.

Let me talk to you.

!0per4t0r - March 28, 2009, 7:54 am

Black Kat - March 28, 2009, 8:04 am

Yes Operator, I have added you to the member list and made Stein an admin.

!0per4t0r - March 28, 2009, 8:05 am

Ok. but may i be like the site admin, you know make a site for us.

[Chaoz].Stein - March 28, 2009, 8:12 am

!0per4t0r - March 28, 2009, 8:13 am

Im gettin it now. wait a few Sorry, double post but <http://syndicatecrew.tk>

Black Kat - March 28, 2009, 8:24 am

Guys, just worked something out. For the requirement it says that at least one person in the group must have 500+ posts... Mr. Stein has that. I have know sent the Private Message to Omni, so we can all cross our fingers and expect a answer / result soon.

Great idea Operator, was going to make one myself.

Cheers.

!0per4t0r - March 28, 2009, 8:26 am

Yes! Im making it a mybb forum. tell me who gets what.

Black Kat - March 28, 2009, 8:28 am

Here are the Private Messages I have sent to Omniscient in case you are curious:

First PM:

Code Greetings Mr.Omniscient,

We haven't really talked before but you may have noticed me posting everyone now and then, here and there.

To cut a long story short, I have started the first stage in creating a new Crew / Clan called 'The Syndicate'. I have looked at the requirements but unfortunately, as you may have noticed, I dont have the 500 posts. In the end, its your decision, and I understand if you cant bend the rules, but I figured

its your forum in the end and you seem like a relaxed kinda guy.

Anyway, here goes:

1. Crew Leader: Black Kat

2. Crew Name: The Syndicate

3. Crew Forum Icon:

[img]http://dizzyewok.googlepages.com/syndicate3.png[/img]

4. Crew Group Image:

[img]http://www.adiumxtras.com/images/thumbs/warcraft_status_icons_7_6929_2937_thumb.gif[/img]

5. Crew startup members: 0per4t0r, ToTzIK, MazaHacka, jojogizmojake.

6. Crew forum desription: The Syndicate crew private area.

Cheers!

Second PM, after realising that we qualify with the post requirement due to Stein.

Code Just realised that you said that one person in the group must have 500+ posts, and that means we qualify because our admin, Stein | BH - 06 has 500+ posts.

Thought I should let you know!

Cheers!

(Mar 28, 2009 08:26 AM)0per4t0r Wrote: [\[CITE\]](#) Yes! Im making it a mybb forum. tell me who gets what.

Sorry Operator, but as stated in the Crew FAQ, we cant have a forum, just a website. I will use it for showing members there balance that they have earned and as a news blog, but we cant use it as a forum.

Cheers, and I know you only meant good.

!0per4t0r - March 28, 2009, 8:30 am

oK. I think we'll get in! Got a better domain, <http://syndicatecrew.tk>

Black Kat - March 28, 2009, 8:33 am

Yeah, I hope so, and see no reason why we shouldn't.

!0per4t0r - March 28, 2009, 8:35 am

yeah. but whay do you want ur email (blackkat@syndicatecrew.tk) to forward to?

Black Kat - March 28, 2009, 8:38 am

Erm, I will PM you my e-mail. Thanks for helping to set this all up.

`[Chaoz].Stein - March 28, 2009, 8:41 am

Its better to create a webpage than forum.

Yeah .tk is now cool its has no ads.

@Black Kat @ your first pm i think im not at the group.
And i think omni will think weird of that.

Haha.

!0per4t0r - March 28, 2009, 8:44 am

He can add more users later. forum set up and installed!

`[Chaoz].Stein - March 28, 2009, 9:00 am

!0per4t0r - March 28, 2009, 9:24 am

`[Chaoz].Stein - March 28, 2009, 9:30 am

!0per4t0r - March 28, 2009, 9:31 am

[Chaoz].Stein - March 30, 2009, 5:37 am

!0per4t0r - March 30, 2009, 6:07 am

Um... i am kinda bust atm so add me on msn, phyrus@live.com and i will try to do it fast.

DaSkipper - March 30, 2009, 6:31 am

I am a social engineer. I've gotten many things through it, infected a few people with viruses, and able to get a laugh or two. I don't care for computer hacking, I like social hacking a lot more. I've got Skype credits and shit so less chance of getting caught. I have a lot of useful tricks for stealing many things. Just yesterday I SAW MY FRIEND steal a WoW account using a middle man scheme.

If you need a social engineer, I'm your man.

!0per4t0r - March 30, 2009, 6:38 am

Because you have the credits with stolen accounts and are knowlegable, you win!

[Chaoz].Stein - March 30, 2009, 6:40 am
