Thread: [\[Brazil/USA\] Three free phone number lookups for upgraded members only](#)

ppgigs1357 - June 8, 2019, 10:14 am

Considering launching a PI service soon...

Brazil and mainland USA only, more countries & services coming eventually, FIRST THREE upgraded users to Post+PM get this service, after that it's not available.

What I can get:

Name

Address

Carrier

Other information in some cases

Very accurate but availability of data not always guaranteed.

If my service was useful, please share your experience.
