Hi all,

I've seen most of the mainstream romance anime and touched a lot of random things, but I'm just looking for a heart warming romance that's not too stupid/ecchi. I'm generally turned off by magic/mech and pre-2000 animation, but I could appreciate something from these scenes if it's that good.

Here's my MAL though it's not all that comprehensive: https://myanimelist.net/animelist/Real_FFF

I also watched Seishun Buta Yarou wa Bunny Girl Senpai no Yume wo Minai and (you might hate me for not remembering this) the anime that came out this year where MC has a crush on his teacher and marries into her family (actually liked this one a lot more).

Thanks,
Real

Thanks! I've seen/glanced at a bunch of these, but I'll give a few of these a try. 3D Kanojo sounds pretty cringey, but it's actually pretty good, though I'm a little confused how a second 24 ep season is going to do anything interesting though. The first season has is only 12 ep and has had some slow points so far.
