I highly doubt anyone will do this contract with you. Apart from being someone who's new here, from what I've seen you're banned on Sythe.

If you was willing to go first I'd buy a crap ton.

You joined a couple days ago and your negative reputation, have you considered selling to a trusted gold selling website? They will happily pay way over your \$0.45/m asking price.

Hey just throwing it out there to OP or to the people here planning on buying, I can happily middleman the deal for you to make sure no one gets scammed.

OP you have never done any deals here on HF and if you dont want to go first considering it could be large amounts I can MM for you. Done 100+ RuneScape deals 0 issues.
