Is this for Android and IOS?

xorcist - June 19, 2019, 7:41 am

You reckon you could use an emulator for this?

infotrader - June 19, 2019, 9:20 am

Holy shit, just found a way to get unlimited receipts! But after like 15 receipts scanned u only get 25 points for each.

Meaning to get a 5\$ gift card u have to scan like 200 receipts, and i can do one in like 1 min.
