Thread: [TRASH TALKERS CLAPPED](#)

oRequiem - June 17, 2019, 10:35 pm

So I was streaming Black ops 4 on Twitch earlier today and got into a lobby filled with a 6 man of shit talkers. Reminder that they were using some broken weapons and specialists. They pretty much used whatever they needed to use to win against my party which were just a bunch of viewers.

So I bring out a Stingray and drop 50 - 1 on Team Deathmatch against them with a nice fat Brutal Medal.

What do you guys think?
