Thread: [Do some sellers accept bytes for products?](#)

Venture - June 23, 2019, 5:56 am

Just started wondering this, I've only poked around a bit. But I'm starting to wonder if I can spend my bytes for products on HF. ?

Edit: Got greedy and fucked myself. Never the less I'm still interesting in knowing who takes credits.

You can't sell NFA accounts for bytes.

They're still a grey area. So far, you could buy SMM services if the seller provides that option, sell your bytes, and some other stuff.
