Thread: [Plat 3 LoL Account | 404 Skins | All Champs](#)

ScrotumKnight - June 23, 2019, 10:08 am

Hey everyone,

I'm still trying to sell my league account. I've been playing more seriously on it to try and get a rank that is more desirable for a buyer, but I am looking to completely quit the game since I mainly play CS;GO now.

Some info about the account:

- NA
- Level 76
- O.G Owner
- 404 Skins
- Plat 3
- All Champs

I'm looking for 200\$, but offers are welcome.

I can answer any questions you might have about the account all you have to do is ask :D

Thanks for reading ?

Pretty sweet account, should not be hard selling! Wish I was still into this game.

Sent Vincent Account details and am awaiting payment, as for now though the account is of the market. Thanks all!

Is the email verified, are you accepting PayPal, and is the price negotiable?

Currently the account is in limbo with Vincent since he has the account and has not paid. I'm waiting until after work to really deal with this, but it is very annoying.

If the deal falls through, PayPal is the preferred method of payment, and price is negotiable, but I want as close to 200\$ as possible

Well shit that's unfortunate :/

I was really interested in this account...

If you could take the account from him I'd be down to buy it for \$160?

We'll see what happens, but I'll message you if everything works out

How scummy can you really get?

Yeah some people are actually just awful. I mean his thought process was "If I can't steal this account I guess I'll get it banned so no one can own it!".

Like what's the point? You're trying to fuck up my league account that I don't even play on. Under normal circumstances you can't even sell a league account so my money I spent for skins was "gone" to begin with. Just stupid lol

I spoke with riot support today and had a lot of my worries put to rest so let's see what happens ?
