Hello! Im blacklisted I found this forum 2 years ago but never registered until now I want to get into the hacking world not like snapchat hacking, IG hacking thats all SE which is very important in the hacking world aswell, but I wanna get into shellcode, C programming, develop hacking tools using regex, buffer overflow, sql injection, XSS, RCE's, reverse engineering and so much more.

I look forward to meeting all of you and overall just enjoying this forum.
