Thread: [BEST NATIVE | .NET FREE RAT AT THE MOMENT](#)

brtrojan527 - June 23, 2019, 7:22 pm

Hey guys, so it's been a long time I used RATs and I'd like to get back into it. What are the best FREE RATS out there atm? And if there is a good paid one, what would it be?

This I think is the best.

A search would have saved you this.

No, it's not. Also, NJ is extremely outdated and detected, I wouldn't use it.

Not from what i have seen. I think njrat still works.

Change the password plugin.

Use crypter.
