Because I can do as I please. If I wanna throw something together to just do it I can. Just like if you are gonna just complain because I do what I want you don't have to post on my thread to boost your post count.

who tf cares about post count lmao; is that the reason for this post bro, gotta get that thread count xdddddd

Am I begging for people to watch it? No? Did I post a Clip of RUNESCAPE in the RUNESCAPE section. Yes I did. Did I say PIEaSe waTcH myCLiP br0 Inerd Viws.

No I didn't. It's called content. Oh and the reason it's not stupid flashy because maybe some people that watch stuff could have a seizure from your over dramatic edits. I don't have 24 hours a day to make a flashy 30 second clip to please your dumb ass on hackforums. So please forgive me. So again. I can post whatever kind of clip however I choose to edit it with the time that I have on my hands. Grow up
