Thread: [Zeus HVNC LIB reloaded](#)

Dark Spider - June 23, 2019, 10:54 pm

Hallo forum, i copied the Zeus hvnc lib and looked at it for learning proposals also I upgraded The code to VS2019 and fixed the chrome bug but I think they are some better implementations.

What is your patch for the Chrome Blackscreens on the old VNC Protocol.

Junx - June 24, 2019, 12:55 am

One patch I have read from some member here was to disable hardware acceleration in Chrome, but that does not fix the rendering. Hope there is a solution

Sell?

Sorry for my English, I am Russian
