weird you even won as shows you have 126 pop for the last month which cant be alot when you got users here that got 2k plus pop so maybe its rigged or something. as thats only getting 4 popularity a day and im sure there is pop whores here who get 10 plus popularity a day.

126 users gave him popularity...

avg 3 per,

375 popularity.

thats not bad for a month, most people who have 1k+ got them long long ago. its been the popularity system for over a year now?
