Before I begin my review, I would like to thank you for giving us ("Appraisers"), the opportunity to review your product.

Caligio's Review for "[>>> SNAPCHAT SHOUTOUTS! <<< \[E-WHORE GOLDMINE\]](#)" by [Code Black](#)

This review is going to be unnaturally short due to the nature of this product. I was given the opportunity to get a 24-hour shoutout on a rather new-ish e-whoring account. Almost all of my own traffic sources were paused for the time and thus I feel confident saying that I believe the results I got were purely from the shoutout.

After 24 hours I got 76 adds (unfortunately I do not have a screenshot because I was accepting friend requests throughout the day). From these 76 adds, I made a 35\$ sale and that's about it. In my case, most of the guys who added me were from Australia,

The thing I did not like is that in my case the user only had 2 shutouts in his story and no other posts (which in my previous experience has lowered the quality/quantity of traffic. And I also did not like that he mentioned screenshots in the shoutout because it ended up with me getting at least 10 people screenshotting all of my content that I post on my snap. (I found this out about from the dude who made the 35\$ purchase).

### Final Thoughts

If I were a buyer I would go for a couple of hours to test it out, but note that you have to think about the right timing for best results, to see how good is the shoutout working for you because the results

can and will be different. In my case, 25\$ for a 24-hour shoutout wouldn't have been the best purchase. I would also highly advise the seller to post proof of views on the main thread as requested by some of the users before.

I would like to once again thank you for giving us "Appraisers" a chance to review your product.

Good luck with the sales! ?

Hey guys!

I'm offering shoutouts on my eWhore snapchat account. Some of you guys may be aware of my success within ewhoring. These methods I have used have allowed me to play with an account that receives 200+ adds a day, and thousands of views per story. This may not seem like a lot, but I have kept all of my customers very happy with their premium service. There are also sugar daddies that can make you a tonne of money.

#### TERMS:

You must not fuck them around. Messing with these people also messes with my business.

You must supply all buyers who add you with the desired request (meaning you cannot just take their money and not give them the nudes)

You may not request a refund after the photo is posted to the story

I believe these prices are extremely fair as I am trying to keep them to a minimum, with affordability. I have gained an immense amount of profit within the customer base I have, I haven't been able to post all my earnings, but here is a [thread](#) with some of my profits.

All payments are made via BTC/ETH/PAYPAL (gift) and all deals will be done by the contract system. For quicker responses you may add my discord which you can PM me for, but all deals will be done within the forum.

All you've shown really shown on this thread is that you've successfully e-whored for a couple hundred bucks. It doesn't show your viewers or the type of traffic you're pulling in. You can't really expect anyone to buy a shout out without showing your traffic, not your income. Which isn't much.

I would appreciate it if you would read the entire thread as opposed to selectively reading... I will be posting the viewers once the 2 vouched snapchat shoutouts are almost complete. The type of traffic I'm pulling in is in my other sales thread. They go hand-in-hand with each other.

I will happily send you a whole years worth of payments I have received through ewhoring if that'll make things better.

Hate to say it but 60 - 70 adds in 24 hours is quite poor, especially considering that you're charging \$25 for a 24 hour shout out... I can get 100 - 150 adds in a day with public methods or SFS.
