Thread: [Club 6ix | Elite Networking Group - 6 Figure Earners Only](#)

**mvmt** - July 2, 2019, 8:42 am

I'll keep this short and simple for those who are interested and meet the requirements.

A couple months ago, me and a friend created a private group of entrepreneurs who are earning more than 6 figures annually in their field. Since, the group has grown quite nicely and has successful people from all industries, ranging from crypto, ecommerce, real estate, marketing agencies, and more. The group was created so that everyone can network, share resources, build relationships, and help everyone grow within their industry. Note: this group is off-site and is completely unrelated and unassociated with HackForums.

Everyone must undergo a short verification process in order to be accepted (no personal info will need to be shared with me). If you do not meet the requirements, do not contact me. If you are not willing to verify your earnings with me, do not contact me.

I'm not sure if there are many people on here who will meet the requirements but I figured I'd make a post anyways. If you're interested, shoot me a PM.

Crypto, ecommerce, real estate and marketing agencies are all pretty similar...

You should get in touch with people in the finance and infrastructure industries. I've met some really cool guys and gals who excel in both fields.

Best of luck.

Not sure how you would consider those to be similar but alright lol

You should branch wider

The biggest struggle is finding people in totally different fields not the same grouping. E.g I need cyber security, video production, and shit on those random lines

We don't have any specific fields that we accept. If you meet the requirements, then you're allowed in.

**NonLeaf** - August 26, 2019, 8:27 am

I would be interested to get in, lmk via PM OP.

**KI44** - September 2, 2019, 8:35 pm

I fall into this category.

Main industries are domain name buying/selling, multiple affiliate websites (price comparisons, reviews, user submitted deal sites, etc), marketing for companies with limited marketing opportunities and web development. Do/have done a lot more too and I'm down to help out in any way you need.

Send me over a PM if interested / for verification etc

How much do you get just from VA benefits a year?

I thought there was a \$ cap/limit and you have to be over 65 to get VA?

I am 100% Perm Disabled with a Kid 3300\$, Plus 2700 for Social Security Retirement & Disability Each, and my military pension is another 1000\$ since I got out as an E5 with 7 years of service.

3300

2700

2700

1000 + \_\_\_\_\_

9700\$ x 12 = 116,000\$ Just from benefits I earned.

I get another couple thousand a month from the stock exchange depending on how my trades go each day for a given month.
