Thread: [Chilly07's RSN Shop - 170+ Stock - Cheapest OGs Available - Trusted Seller w/ Vouches](#)

chilly07 - July 2, 2019, 9:58 pm

Hey! First timer here on HF; looking to broaden my customer base.

I mainly do business on Sythe under the same handle, and I have sold a few RSN's already.

If you'd like to check my vouches and original thread please search for me on Sythe - "chilly07"
To confirm this is my account, I have included "HF chilly07" in my sales thread ?

I collect unique RSN's as a hobby & currently I have over 110+ usernames in my collection.

Why should you buy from me?

Ownership of all the accounts are legitimate and can be proven upon request!

All accounts are brand new Level 3's on Tutorial Island.

I do not offer super inflated pricing on my usernames and i'm always open to negotiation.

I contacted him before and he wouldn't give me the names so I don't understand how we are supposed to purchase from him.

A) You either failed to provide proof of funds.

B) You provided PoF that didn't meet my standards.

C) You were rude and I decided not to conduct business with you.

At least one of these is the reason you didn't receive the uncensored list.

Online for the day. Come check out the 200+ users.

Loooo. I added you and you said what's up and I asked for list and provided a blockchain screenshot from and you wanted the app even though you can't edit a screenshot with current time. You're just a sketchy person.

Just contacted this guy - asked for verification.

Ok no prob.

Sent a screenshot of discord with my name#1234, me logged into the game with my cash stack, my hf account in the background, our current discord chat, with the Windows clock timestamp. He won't show me them because I didn't type it out in RL. Waste of time trying to cater to him. Makes it impossible to even see what he's selling.
