Thread: [Level 10 Clash Clan REBUILD](#)

zFacetious - July 3, 2019, 1:48 am

This clan is used to scout for people to move up (Any town hall level) to our other level 16 CWL clan. I will periodically join on my TH12 to donate (Especially durring wars) You are welcome to come and join in (Usually only keep people who want to war 24/7 but, will keep active donators) Once we get enough Non-Rushed players in we will start the war. This clan was previously cleared out, some moved up to SreerampurBD (Our Main clan) and some were kicked.

You don't have to move up if you join, it is just an option for those who demonstrate skills, maintain a good donation ratio and don't act like a toddler.

If you have any question, or concerns feel free to PM me on here, or join the clan and ask! Thanks and happy Clashing everyone.

Everyone in will be expected to donate, or use both attacks in war, and OPT OUT before CWL comes around if you wish not to participate. Failure to attack during CWL will be an immediate kick from clan.
