Thread: [Run Your Own Crypto Currency Wallet | Fast, Secure!](#)

JAS - July 4, 2019, 5:21 am

Some of you may know that I own and operate currency exchanges and bitcoin wallets, These are web-based and you can make thousands of dollars every single month by running one of them.

If you want to own your own bitcoin wallet this is the place, Following Intensive cybersecurity procedures you can rest assured that the end product will be phenomenal. Boasting an extremely large admin panel with an intense logging panel you will be able to operate the entire infrastructure at ease.

Owning a Crypto wallet is like owning your own bank, And one similarity of the two is that it gets you rich as fuck.

Pricing: \$250.00 Per website / wallet.

Domain, hosting and fees are all paid for by my company, We can supply marketing guides and 24/7 support via Messaging app and calling.

FAQ:

I want to own one, But I don't know if it will make me money?: Rest assured that when you purchase we will guide you on how to make the maximum profit from your new wallet.

Is this legal?: Yes, there is nothing illegal about owning a bitcoin wallet.

Do I need to register as a company?: No.

Do I need lots of money to start?: My first crypto wallet was launched with \$0.00 of investment.

TLDR: NO YOU DONT!

Features: 2FA, RECOVERY, PRIVATE KEYS, MILITARY GRADE ENCRYPTION, BUILT IN EXCHANGES

Remove this, You have no idea what you are talking about. If you read the threads you post on before responding to them you would understand why everyone hates you. Fucking retard. Im offering development services and support, The shitty cesspits of code you find on codecanyon are NOT what im offering.

Your negative popularity rating and that PM you've sent me proves what type of business man you are.

"everyone hates you. Fucking retard."

Lol realy? Grow up kid.

Bitcoin wallet script with the same features as his preview, selling for \$50.
