Hello HF

Today I am going to tell you how to get \$250+ of free cloud credits.

Things needed:

VCC/Debit Gift Card with \$1 on it

Valid Email Address

1. Go to [SkySilk - Sign Up](#)
2. Make a new account
3. When it asks you for a payment method, use your VCC/Debit Gift Card
4. Setup you Cloud Server

BONUS

5. You earn reward credits for renting your Cloud Server that can be used to get account credit, amazon gift cards, or visa gift carfd, which is why I said \$250+ instead of \$250

If you want info on getting a free \$1 visa gift card, message me. Enjoy guys!
