Thread: [\[How-to\] Enable GODMODE in Windows 10](#)

Hopsin - July 7, 2019, 9:32 am

Right click on the desktop

New Folder

Rename the new folder with this special code:

Code GodMode.{ED7BA470-8E54-465E-825C-99712043E01C}

To enter the "God Mode" area/window, (Double-Click)

Open your God Mode Folder and go crazy.

Enjoy.
