Let's keep it straight and simple.

[Hypnotist \(UID=2476428\) Returning almost 1.5 years + New PM proof admitting of scam](#)

Alyx scammed someone and used the same exact excuse (He has been hacked by UK government) that Hypnotist used. I am not a retard but you guys want to check it out yourself

This is honestly the dumbest scammer I have ever seen. I am not even exaggerating.

Ah, this guy is a damn joke. Why would he even use that excuse? Hacked by the UK government? What a monkey. He took 200 USD from me. I could spend that money on some good sushi, but this monkey is probably spending it on coke.
