Thread: [Lil Nas X Overrated](#)

Omniscient - July 16, 2019, 8:15 pm

Anyone else think that Lil Nas X is way overrated?

I mean his Old Town Road song is okay but really not that great. I think his attention for trying to be a cowboy and do country is the reason why anyone even knows the song at all. Not because it's any good.

The kid is super gay with his girly body chest hanging out of his yellow leather jacket. Ridiculous.

I think Lil Nas X grew up listening to the Village People.

This guy covered the beat and did a much better job in my opinion:

[Video: <https://www.youtube.com/watch?v=DNB9IC0UXto>]

But Lil Nas X is a gay country(ish) rapper who more than likely will be a one hit wonder kind of deal. Who blew up because he was the "different" thing at the time.

Nas - July 16, 2019, 8:25 pm

I totally agree with you on this. Plus anyone who has "lil" before their name makes me dislike them even more.

Woes - July 16, 2019, 8:26 pm

I don't think people are fans of Lil Nas X because of his music. I think 100% of the non-children who like him are simply fans of him because of his twitter lol.

Ugh, his Twitter is boring.

That's actually really good version.

DrRespect - July 16, 2019, 8:42 pm

He's very smart. He memes his twitter so his likes are through the roof and remixes the same song. Panini isn't that bad either. Old town road is a huge hit because of the memes on it as well. Also he confirmed himself that he is gay.

I heard old town road back when everyone memed it so I couldn't really take the song seriously when people started bumping this in parties. Honestly, it's not that good anyway.

SIM-3257834 - July 16, 2019, 11:06 pm

The only reason it was popular was because it was different at that time and it eventually became a meme. People who listen to it unironically are simply trend followers, just like every battle royal today.

Considering he was featured recently as one of the most "influential" while also putting carlos maza on that list hmm.

I don't like hiphop/rap scene, but i gotta give props to him and his team for making it the #1 Billboard chart hit for the 15th week in a row and it's about to break the record for the most weeks spent at #1 in the last 5 or 6 decades. The kid knows the beat is simple and the news that were going around is that he bought the beat from a random site. The original track was at #1 in country chart, but then it got removed as "it wasn't country enough" then the week after he released the one featuring billy.

Wow, I count 8 of those who I know. I despise 5 of the 8 I do know. I don't follow any of them on my social media.

The world has officially become ridiculous to me.

Prepper - July 17, 2019, 3:31 pm

It isn't great, but it isn't horrible.

Things like "Lean all in my bladder, Cheated on my baby You can go and ask her" ruin it in my opinion.

More effort should have been put into it, but since when do these rappers other then a handful these days put effort into there music.

Fruitcake - July 17, 2019, 3:33 pm

got a few, literally 3 good songs... riding and milking his wave. nothing wrong w it.

CULTSWEGMAFIA - July 17, 2019, 3:40 pm

I hate that I like old town road, I don't want to like it. But I just do. Ugh.

Also, Young Thug's verse on one of the remixes fucking SLAPS

Even with Billy it is not country in my opinion.

Listen to some Keith Whitley, Willie Nelson, Waylon Jennings, Johnny Lee, Mickey Gilley

It's a crossover between 2 genres, even though it's not pure country, it has enough elements which made it eligible to get on the chart.

It is a 1 hit wonder, and they know that. Hence why they're trying to milk it as much as possible while it lasts. They uploaded like 10 videos of the song by now.

?man - July 23, 2019, 3:39 am

He actually did come out as gay.

scam. - July 23, 2019, 8:42 pm

eh he's just the joke of the minute.

People like that have very little longevity in the music industry. It seems to be a new trend these days. Someone releases a joke song, it gets very popular because of memes, they make 5 remixes, artist disappears. Easy marketing. Easy cash grab.

You can especially tell considering he released a 7 track EP that bombed.

It's been like that for a few years in the music industry. Every memed song gets signed by a major label as soon as it gets viral just so they can milk it as much as possible while it lasts. "pen pineapple apple pen" and "damito cosita" was signed to Ultra Records when they went viral, Atlantic Rec. signed that yodeling kid just milk him while he was trending, and the list goes on...

I'm mostly focusing on indie labels as that's where I find most of the good music right now.

Lindros - July 29, 2019, 11:39 pm

Hahahah he is super cringe and gay. I never even looked into him enough to notice that. I heard "Old town road" a long time ago and legit thought it was a troll song.

religionsdead - August 9, 2019, 6:39 pm

i hate his music sm quite honestly

Dvusi - August 9, 2019, 6:44 pm

Old Town road is one of the most annoying songs I've heard in a while, gets stuck in your head and terrorizes you all day.

Natas - October 16, 2019, 1:44 pm

Omni did you post this before he came out of the closet ?

Because I thought the same thing wish the shit would quit playing on the radio every single day !
I dont got no problem with gay people but just his music is so bad.
