Thread: [\[OSRS\] Got a t-bow out of a solo raid](#)

So fucking excited.

Decided to try to duo raid with 2 accounts at the same time, planked a bit (2 deaths at olm) and lost around 50% of my points (i'm learning it now tho).

Saw a purple and got excited (hided my chat), opened the chest and saw the fucking twisted bow. Nearly got a heart attack lol.

Bank went from 650m to 1650m, i'm keeping the bow.

Nah man, Sara, mole, arma, kbd with lower level friends, firecaves.

Just whatever I feel like, even tho I know the harder mechanics (tick shit), I don't see myself as a hard-core osrs player, I play to have fun, don't care about that efficiency shit.
